They are laying waste that whole country, sweeping every family of every thing they possess in the world—killing the cat hogs, sheep, etc.-and consuming, as they sciare to be their purpose, the whole subsisteach family with enough only for one meal heir object is to lay waste the country, and eave it, when they retire, without enough to sub-

FROM THE SOUTH SIDE. The fight that opened on Friday evening or the south side closed that night, and resulted, as we have before stated, in the repulse of the enemy. The scene of the fighting was about seven miles from Petersburg, between Port Walthall innetion and Chester, and some two miles cast of the railroad. Our column was nder the immediate command of Gen. D. H. Hill, but Gen Beauregard was on the field, and his presence inspired an enthusiasm among our men, and contributed largely to the auccoss that evening.

It appears that, on Thursday evening, our orces attempted to throw up an advance line of fortifications, which the Yankees, regarding as rather too close to them, resisted by a heavy noonading and infantry firing, which copt up continuously through that night. On he next (Friday) morning, the firing graw more rapid and severe, and about 10 o'clock a harge was made by our forces upon the enemy's broastworks, when the engagement be camp general along the line, Martin's and Clingman's North Carolins, and Wise's Virginia bri gades participating. The enemy's works were of the most formid-

able hind, and our men charged serous an open held of some thirteen bundred yards in extent sides being well posted and occupying an advantageons position behind his breastworks, the enemy had one or more regiments posted in thicket of pines, which poured a very severe offlading fire into our charging column but, not withstanding this, the charge was successful and our men, although subjected to a galling re, succeeded in driving the enemy from his breastworks and taking possession of them. On reaching the breastworks a most despe

ate struggle is said to have ensued. Some of the enemy attempted to hold their works after our men leaped into them, but they were driven om them at the point of the bayenet. After hoy were driven out, the enemy massed all his ces and made two desperate offerts to retake works, but was each time most gallantly releed, and sent reeling to his next line of innehments. Basides the fortifications we capured a large number of small arms and several oces of artillery. Our loss is supposed to be some fear or five

are but slightly injured in the hand and arm. Gen. W. S. Walker is reported missing, and it is feared that he was made prisoner by t Col. John C. Lamb, of the 17th North Carolina Mariju's brigade, was severely wounded, receiving one shot through the shoulder and auother through the left breast. Col. John E. Brown, of the 42d North Carolina, Chingman's igade, was also slightly wounded. The next (Saturday) morning found all quiet ong the lines, with our men in possession of

enemy's fort sentions and masters of the Saturday, the following dispatch from Gon. "HEADQUARTERS, May 21, 1864.—To Gen. Coper: All quiet last night. We remain in uite sovere during part of the day, especially ear Ware hottom church.

I regret to say that Gen. W. S Walker I using. It is feared he fell into the hands of the enemy whilst gallantly leading his troops Accounts from the south side, last night, reert all quiet. There had been some slight

ring, but without any result. Later accounts represent General Walker, aland to above, as a prisoner in the hands of the comy. It seems that, in the beat of battle, he de into the enemy's lines, without being aware (it, and on refusing to surrender when demanifed, he was fired upon and shot in the foot. He was taken prisoner, and his foot has since been amputated.

THE YANKEES.

On Saturday night the enemy renewed his assault, assailing that portion of our line held principally by Wise's brigade. In some mannor our men had become apprised of the inten-tion of the enamy to make a night attack, and on the night of May 6, and from the enemy at were fully prepared for it. The enemy was allowed to advance, our men deliberately reservg their fire until they were within twenty or birty yards of them, whon they poured into helr ranks a most terrific volley, driving them back with great elaughter. The repulse is said to have been a most decided success—the enemy

defeat as forty wounded.
